

# Dear Students,

We are excited to announce the introduction of a new graduate course titled **Advanced Data Analytics** for the upcoming semester.

This course will cover a range of topics including:

- Data Mining Techniques
- Statistical Analysis
- Machine Learning Algorithms
- Big Data Technologies

The course will be taught by **Dr. Jane Smith**, an expert in the field with extensive research and practical experience.

Classes will be held on **Wednesdays from 6 PM to 9 PM** starting **January 15, 2024**.

We encourage you to enroll and take advantage of this opportunity to enhance your knowledge and skills in our ever-evolving digital world.

For more information, please contact the graduate studies office or visit our website.

Best regards,  
**The Graduate Studies Committee**
