Bug Bounty Program Guidelines

Date: [Insert Date]

Dear [Participant's Name],

Welcome to our Bug Bounty Program! We appreciate your interest in helping us improve the security of our products. Below you will find the guidelines and objectives of the program:

Objectives:

- Identify vulnerabilities in our applications and systems.
- Enhance the security posture of our organization.
- Foster a collaborative relationship with ethical hackers.

Guidelines:

1. Only test systems and applications that are explicitly in scope.
2. Respect the privacy of our users; do not access personal data.
3. Do not disrupt our services or degrade the experience of our users.
4. Report any identified vulnerabilities through our designated reporting platform.
5. Follow responsible disclosure practices; do not publicly disclose vulnerabilities until we have had time to address them.

We value your contributions and look forward to your findings. Thank you for helping us secure our systems!

Sincerely,
[Your Organization's Name]
