Welcome to Our API Integration

Dear [User's Name],

Thank you for choosing to integrate with our API! This letter outlines the procedures you need to follow to get started.

Step 1: Obtain API Credentials

Please visit our developer portal at [Developer Portal URL] to register and obtain your unique API key and secret.

Step 2: Review API Documentation

Familiarize yourself with our API documentation available at [API Documentation URL]. It contains detailed information on endpoints, request formats, and response structures.

Step 3: Set Up Your Development Environment

Make sure your development environment is configured correctly. Recommended tools include:

- [Tool 1]
- [Tool 2]
- [Tool 3]

Step 4: Test Your Integration

Use our sandbox environment available at [Sandbox URL] to test your integration without affecting live data.

Step 5: Go Live

Once you've completed testing and are satisfied with the results, you can go live by using your production API key.

If you have any questions or need assistance, please do not hesitate to contact our support team at [Support Email].

Best regards,
The [Your Company Name] Team
