Dear [Recipient's Name],

We hope this message finds you well. As a non-profit organization dedicated to [your organization's mission], we are looking to upgrade our wireless network to better serve our community and improve connectivity for our staff and volunteers.

We are interested in exploring various options for wireless network upgrades that would suit the budget and specific needs of a non-profit. In particular, we would like to inquire about:

- Available packages and pricing for non-profits
- Scalability options for future growth
- Support services included with the upgrade
- Any grants or discounts available for organizations like ours

We would greatly appreciate it if you could provide us with information on these topics, and any other resources that may assist us in making an informed decision. Additionally, we would welcome the opportunity to schedule a call or meeting to discuss this further.

Thank you for your attention to this matter. We look forward to your prompt response.

Sincerely,

[Your Name]
