

Release Candidate QA Testing Announcement

Dear Team,

We are pleased to announce that the Release Candidate (RC) for our upcoming product version is ready for QA testing. This is a significant milestone in our development process, and we appreciate your efforts in reaching this point.

Details of the Release Candidate:

- **Version:** 1.0.0-RC1
- **Release Date:** October 15, 2023
- **Testing Period:** October 15, 2023 - October 30, 2023
- **Testing Environment:** QA Server (QA-Server-01)

Please focus on the following areas during your testing:

- Functionality Testing
- Performance Testing
- Security Testing
- User Experience Testing

We encourage you to document any issues or feedback you encounter and share them with the development team using our issue tracking system.

Thank you for your continued support and dedication. Let's aim for a successful and smooth testing period!

Best regards,
