Dear [Recipient's Name],

I am writing to express my concern regarding the current capacity of mental health support resources available within our institution. Given the significant rise in mental health issues among students in recent years, it has become apparent that we are in dire need of additional mental health counselors.

Data from [insert relevant study or statistics] indicates that [specific details about mental health needs]. Unfortunately, our existing counseling staff is overwhelmed, resulting in longer wait times for appointments and diminished quality of care for those seeking support.

To address these urgent needs, I propose that we increase the number of mental health counselors at our facility so that we can provide timely and effective support for our students. This enhancement is not only essential for student well-being but is also crucial for fostering a healthy academic environment.

Thank you for considering this appeal. I am hopeful for a positive response, and I am willing to discuss this matter further at your convenience.

Sincerely,

[Your Name]
