

Homework Policy Announcement

Dear Parents and Guardians,

We are writing to inform you about our updated homework policy that will take effect from [start date]. Our goal is to enhance student learning while ensuring a balanced workload.

Key Points of the Homework Policy:

- Homework will be assigned [frequency, e.g., weekly].
- Each assignment should take approximately [time allocation, e.g., 30-45 minutes] to complete.
- Homework will be designed to reinforce skills taught in class.
- Students will be given feedback on their homework to support their learning.
- We encourage parents to provide a quiet space for homework completion.

We believe that a consistent homework schedule will provide structure and support for our students' academic growth.

Thank you for your continued support.

Sincerely,
