**Dear [Recipient Name],**

I am writing on behalf of [Your Organization or Community Group] to propose funding for our community garden project aimed at supporting educational initiatives for our local youth and community members.

The community garden will serve as a hands-on learning environment where participants can engage in growing food, understanding biodiversity, and learning sustainable gardening practices. We believe this project will foster a stronger relationship between our community and the environment.

We are seeking funding in the amount of [insert amount] to cover the costs of soil, seeds, tools, educational workshops, and other essential materials. Our project will not only provide fresh produce but also empower participants with valuable skills and knowledge.

We would be grateful for the opportunity to discuss this proposal further and explore how we can work together to make our vision a reality. Thank you for considering our request for support.

Sincerely,

[Your Name]
