Dear Hiring Manager,

I am writing to express my interest in the Engineering Internship position at [Company Name] as advertised on [where you found the job posting]. I am currently pursuing a degree in Industrial Engineering at [Your University] and have developed a strong foundation in engineering principles, process optimization, and data analysis.

During my studies, I have completed coursework in operations research, supply chain management, and systems engineering, which has equipped me with the skills to analyze and improve complex systems. I am particularly drawn to [Company Name] because of your commitment to innovation and sustainability in the engineering field. I am eager to contribute to your team and learn from your experienced professionals.

Additionally, I have gained practical experience through my previous internship at [Previous Company Name], where I assisted in streamlining workflow processes and conducted data analysis that resulted in a 15% improvement in operational efficiency. I am confident that my strong analytical skills, attention to detail, and ability to work collaboratively make me a suitable candidate for this internship.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to [Company Name] as an intern. I am eager to bring my background in industrial engineering to your team and learn from the experts at your organization.

Sincerely,
Your Name
