[Date]

To Whom It May Concern,

I am writing to formally express my dissatisfaction regarding the unprofessional behavior exhibited by the medical staff during my recent visit to [Name of Medical Facility] on [Date of Visit].

During my appointment, [describe the specific incident, e.g., "I encountered a nurse who was dismissive and rude when I asked questions about my treatment, which made me feel uncomfortable and undervalued as a patient."]. This behavior is not what I expected from a healthcare provider, and it raised significant concerns about the quality of care being offered at your facility.

I believe that all patients deserve to be treated with respect and professionalism, and I trust that the management will address this matter appropriately to ensure that no patient has to endure such an experience in the future.

I would appreciate a response regarding this complaint and any actions that will be taken to prevent a recurrence of this situation.

Thank you for your attention to this matter.

Sincerely,

[Your Name]
