Dear [Pest Control Company Manager's Name],

I am writing to formally express my dissatisfaction with the pest control services rendered at my premises on [date of service]. Unfortunately, the results have not met my expectations or the standards that were promised during our initial consultation.

Despite following all the guidelines provided by your team, I have continued to experience significant pest activity in my home, particularly [specific pests, e.g., rodents, cockroaches]. The measures taken have proven ineffective, and my concerns have not been adequately addressed.

Given the circumstances, I would like to request a re-evaluation of the situation and a prompt follow-up service at no additional cost. It is important to me that we resolve this matter efficiently to ensure a pest-free living environment.

I appreciate your immediate attention to this issue and look forward to your prompt response. Please feel free to contact me at [your phone number or email] to discuss this matter further.

Sincerely,
[Your Name]
