Dear Tenant Association Members,

I am writing to formally express my concerns regarding persistent noise disturbances in our community, particularly from [specific unit/area if applicable]. The excessive noise has caused considerable disruption to my daily life and well-being.

Despite my efforts to address this matter directly with the tenants involved, the issue has not improved. I believe it is essential for the community to maintain a peaceful living environment, and I urge the association to take appropriate action to resolve this ongoing situation.

Thank you for your attention to this important matter. I look forward to your prompt response.

Sincerely,
[Your Name]
