

Dear Friends and Family,

I hope this message finds you well! As my birthday approaches, I wanted to do something a little different this year. Instead of gifts, I am reaching out to ask for your support in a fundraiser that is very close to my heart.

I have decided to raise funds for [Charity/Organization Name] which works to [brief description of the charity's mission]. Your support can make a significant difference in the lives of those in need.

If you would like to join me in making this birthday special, please consider making a donation. Any amount is greatly appreciated and will go directly to [specific purpose or project].

Thank you for being a part of my life and for considering this cause. Your kindness will make my birthday truly meaningful.

With love,

[Your Name]
