Dear [Recipient Name],

I am writing to formally request an investigation into potential violations of water quality standards in our area, particularly concerning [specific water source or location].

Recently, there have been alarming reports and observations regarding [describe the issue, e.g., contamination, pollution sources, etc.]. These issues not only pose a risk to public health but also to the local environment.

I urge your office to take immediate action and investigate these concerns. Enclosed with this letter are [mention any supporting documents or evidence you are including].

Thank you for your attention to this critical matter. I look forward to your prompt response.

Sincerely,

[Your Name]
