

# Holiday Decoration Guidelines for Residential Buildings

Dear Residents,

As the holiday season approaches, we would like to share some guidelines to ensure a festive and safe environment for everyone.

## 1. Decoration Placement

- Decorations should be placed on individual balconies or front doors only.
- Please refrain from using decorations in common areas without prior approval.

## 2. Safety Regulations

- Use only fire-resistant decorations.
- Ensure that all lights are certified for outdoor use and are in good condition.
- Do not block fire exits or emergency pathways with decorations.

## 3. Noise Considerations

- Please keep music and festive sounds at a reasonable volume.
- Avoid noisy decorations that may disturb neighbors.

## 4. Community Spirit

- Consider coordinating with neighbors for a unified theme.
- Join our upcoming community decoration contest for a chance to win festive prizes!

Thank you for your cooperation and enthusiasm in making our community festive. Wishing you a joyful holiday season!

Sincerely,  
[Your Building Management]
