Subject: Feedback on Demand Response Programs

Dear [Utility Company Name],

I hope this message finds you well. I am writing to provide feedback on the demand response programs offered by your utility. As a participant in the program, I would like to share my thoughts and suggestions based on my recent experiences.

Program Effectiveness

Overall, I have found the demand response program to be beneficial in managing energy consumption during peak times. The incentives provided were clear and encouraging, which motivated my participation.

Areas for Improvement

While the program is effective, I believe there are areas that could be improved:

- Enhancing communication regarding program updates and events.
- Providing more detailed information on how demand response contributes to sustainability.

Conclusion

Thank you for your efforts in implementing this program. I appreciate the opportunity to contribute to energy conservation efforts and look forward to continued participation. Please let me know if you would like to discuss this feedback further.

Sincerely,

[Your Name]
