

# Winter Utility Safety Reminders

Dear Families,

As the winter season approaches, we want to remind you of some important safety tips regarding your utilities to ensure a safe and comfortable home:

- **Heating Safety:** Keep heating vents clear of furniture and other obstructions.
- **Carbon Monoxide Detectors:** Ensure that your carbon monoxide detectors are functioning and located near sleeping areas.
- **Outdoor Safety:** Clean snow and ice from around your gas meter and vent pipes to prevent blockages.
- **Space Heater Safety:** Always turn off space heaters when leaving the room or going to bed.
- **Frozen Pipes:** Let faucets drip during extreme cold to prevent pipes from freezing.

We hope you find these reminders helpful. Stay safe and warm this winter!

Sincerely,

Your Utility Provider
